WHOLESALE PRICE LIST

FOR MEMBERS OF THE TRADE ONLY

WE OFFER herein a complete list of hardy ornamental nursery stock. Our nursery of one thousand acres affords material to meet practically every need in landscape development. Stock is well grown and supplied with a fibrous root system which is of vital importance in the success of a planting.

With few exceptions the plant names used conform to "Standard Plant Names" as adopted by the Joint Committee on Horticultural Nomenclature.

This catalog cancels all previous price lists.

**OUR PRICES ARE NOW NET
NO DISCOUNTS**

and are adjusted competitively.

We have discontinued our retail trade in order to better take care of our wholesale customers. We hope you will cooperate along this line by ordering in wholesale quantities only.

The production of many of the plants in this list represents no little effort. More than a few items are not profitable which accounts for their general scarcity, but on the other hand they are indispensable to good landscape work.

Since we specialize in the execution of complete planting lists we aim to keep our assortment unbroken. To that end we hope you will co-operate by ordering material in reasonable assortment. We cannot always accept orders which are confined to plants that are scarce and our stock of which is limited.

Horton Nurseries, Inc.

Route 20, One Mile East of Painesville

PAINESVILLE, OHIO

PLEASE READ CAREFULLY

NEW TERMS AND CONDITIONS OF SALE

TERMS: To those having an established credit with us we offer **2% discount** for payment within **ten (10) days** from date of invoice or net 30 days. Interest at 6% will be charged on past due accounts.

Credit may be established with us by supplying satisfactory references. Please allow us sufficient time to investigate same.

If goods are desired C.O.D. the order must be accompanied by one-third deposit to guarantee acceptance.

PRICES: F.O.B. the nursery at Painesville, Ohio. Prices do not include packing. A charge will be made at cost for boxes and material needed in baling.

Stock specially selected by customers at the nursery will be charged according to its value.

We give no warranty, expressed or implied as to quality, description, productiveness or any other matter of any nursery stock that we sell.

GUARANTEE OF GROWTH: Due to the perishable nature of nursery stock we cannot guarantee growth. If properly cared for, losses should be limited to an occasional plant which may be lost for no apparent reason. The success or failure of a planting beyond the normal loss is in the hands of the planter. Our method of handling and packing stock is modern and goods will be in good condition and well packed when they leave our hands.

ALL CLAIMS for errors must be made within six days after receipt of goods or positively will not be considered.

SHIPPING: We are in a position to arrange bulk deliveries of large orders by truck. Combinations of orders to make a truck load can usually be arranged. Small orders will be shipped via rail freight, motor freight or railway express as per instructions from the customer. We recommend bulk delivery by truck as affording the fastest delivery and involving the least amount of handling. **All goods travel at the purchaser's risk and expense.** If goods are damaged in transit, claim should be made at once to the transportation company.

Cross Index

Our list is arranged in alphabetical order of Botanical names. This cross index will help you to find the correct Botanical name when you know the common name.

Common Name	Botanical Name	Common Name	Botanical Name
Alder	Alnus	Golden Bells	Forsythia
Andromeda	Pieris	Golden Chain	Laburnum
Apricot	Prunus	Goldenrain Tree ..	Koelreuteria

5-117

Schedule of B&B Charges

118

DECIDUOUS AND EVERGREEN TREES, SHRUBS AND VINES

We recommend that all items marked with an asterisk be lifted with a ball of earth and sewed in burlap. Experience has shown that the loss of these plants, which is otherwise high, is reduced to a minimum if handled in this way. This will involve extra charges, a schedule of which will be found on the last page. Flowering trees requiring over-sized balls have the suggested ball sizes shown in parenthesis beside the grade. *In all instances where "B&B" is indicated these charges are included in the printed price.

The figures printed in light face type following the common name, indicate the approximate height of the plant at maturity.

LARGE SPECIMENS QUOTED ON REQUEST

The Nursery Capitol of the World

HORTON NURSERIES, INC.

The largest nursery in the "Nursery Capitol of the World," Horton Nurseries, Inc. was established more than a half century ago in Painesville, 30 miles East of Cleveland on Route 20. Covering more than 1,000 acres, Horton Nurseries specialize in the largest variety of landscape material in the United States today.

Following in the tradition of Henry Kohankie & Son, Horton's acquired the nurseries four years ago and has maintained the same high standard of quality that has distinguished their predecessors and the nurseries of Lake County on a world-wide basis.

We are indeed proud to tell our customers that our recently acquired Ridge Manor Farms are in full production with 350 acres of the finest nursery stock to be found in the United States.

Only the most modern methods of planting, cultivating and growing are used with the entire farm under irrigation. Some of the pictures on the following pages are of the new farm.

We wish to extend an invitation to all our customers to see this farm and stock "first hand."

A Brief Preview

P. 1

A field of heavy Amur River Privet on the Ridge Manor Farm.

Some of our fine taxus on the Sebian Farm.

Our new method of growing shade trees with hedge material between seven-foot rows of trees

Review of Horton's Stock

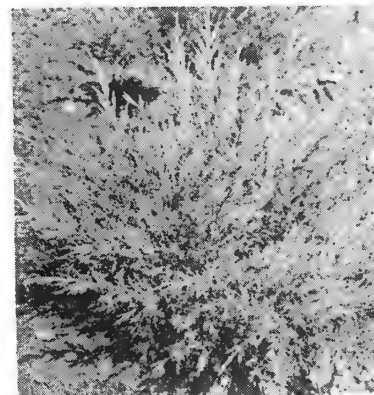

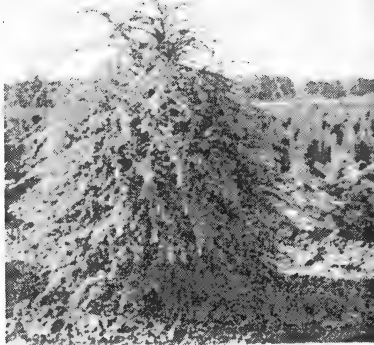

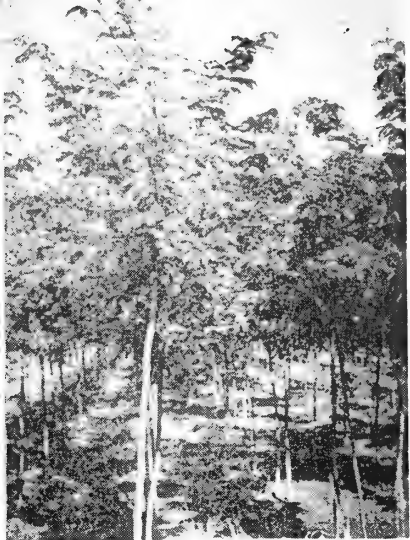

Pictured from top to bottom

View of three to four-foot Pyramid Arborvitae, grown on our new Ridge Manor Farm.

Lining-out beds and Rhododendron stock on the Sebian Farm.

A block of Hybrid Rhododendron plants.

from left to right

A selection of our own Sycamores.

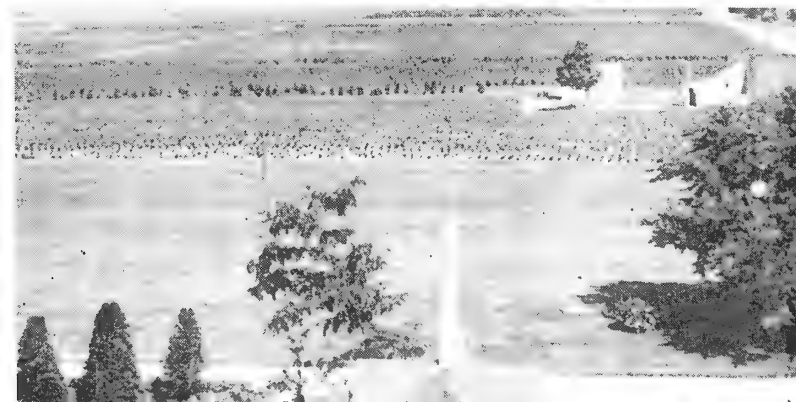

One of our fine Canadian Hemlock.

One of our own Locust selections.

One of our fine specimens of Scotch Pines.

A block of Hetzi Junipers, 18 to 24 inches in size.

Panoramic view of a 75-acre new planting on our Ridge Manor farm.

We can also supply in limited quantity the following varieties of Japanese Flowering Cherries propagated from the collection at Highland Park, Rochester. They are available as follows:

3 to 4 ft. (15" Ball).....	3.50	3.00
4 to 5 ft. (16" Ball).....	4.00	3.50
5 to 6 ft. (18" Ball).....	4.50	4.00
6 to 8 ft. (20" Ball).....	7.00	6.00

8-10 ft. and 10-12 ft. specimens quoted on request.

Amanogawa — semi-double pale pink

Gioiko — semi-double pale yellow

Hata-zakura — semi-double white

Horaisan — double pink

Hosokawanioi — semi-double flesh

Kuramayami — double pink

Kwanzan — syn. **Sekiyama** — double deep pink

Miyako — double pink

Shirofugen — double light pink

Shogetsu — double soft pink

Sumizome — double purplish pink

Our named varieties of Japanese Flowering Cherries are grown on the Japanese type stocks. While the common practice of grafting on the European Mazzard Cherry stock is a cheaper method of propagation, it results in short-lived trees, which difficulty is overcome by using Japanese stocks.

SCHEDULE OF B&B CHARGES

Schedule of charges for balling and burlapping deciduous trees and shrubs of various sizes, including those marked by an (*) asterisk. Flowering trees requiring oversized balls have the suggested ball sizes shown in parenthesis beside the grade. Where items are listed "B&B" this charge is included in the printed price.

NEW SCHEDULE OF B&B CHARGES

1¼-1½" trees }				
1½-1¾" trees	6.10	5.80	5.50	20"
1¾-2 " trees	7.90	7.60	7.30	22"
2 -2½" trees	10.00	9.50	9.00	24"
2½-3 " trees	15.00	14.00	13.00	30"
3 -3½" trees	25.00	22.50	20.00	32-36"
3½-4 " trees	35.00	32.50	28.00	38-42"
4 -4½" trees	50.00	45.00	40.00	44-48"
4½-5 " trees	70.00	65.00	60.00	50-54"
5 -5½" trees	100.00	90.00	80.00	56-60"
5½-6 " trees	120.00	110.00	100.00	62-66"

Ball sizes are only approximate as varieties and soil causes them to vary.

PLANTS FOR SPECIAL PURPOSES

In the following pages we undertake to suggest plants for special purposes which often present a problem to the landscape architect in making up a planting list.

WOODY PLANTS FOR AUGUST AND SEPTEMBER FLOWERING

Buddleia in variety	Hypericum in variety
Campsis grandiflora	Lonicera heckrottii
Clematis paniculata	Spiraea tomentosa
Elscholtzia stauntoni	Tamarix pentandra
Hamamelis virginiana	Vitex agnus castus
Hibiscus syriacus in variety	Vitex agnus castus latifolia
Hydrangea in variety	

Woody Plants with Fruits Attractive to Birds

Varieties marked with an asterisk furnish either fruit or seeds as food for birds in winter.
